Liubov Eralieva

Product Analyst | Data Analyst

Valencia, Spain | hloistone@gmail.com | linkedin.com/in/liubov-eralieva | Open to remote, hybrid, or relocation within Europe

Product / Data Analyst with 5+ years in product, marketing, and commercial analytics across B2B and B2C. I analyze funnels, retention, segmentation, pricing, and promotions, design and analyze A/B tests, and build dbt marts and Power BI dashboards on SQL (BigQuery, PostgreSQL, Oracle DWH). I validate data against source systems, automate routine work with AI tools, and partner with marketing, sales, and leadership.

Experience

Independent Analytics Consulting, Contract · clients under NDA — Remote

Product & Data Analyst — Jun 2025 – Present

- Cut a client's ad/campaign spend by 15%+ (e-commerce/retail) by dropping underperforming campaigns; compared attribution models and reallocated budget across Google Ads, email, and affiliate channels.
- Translated funnel and cohort analysis into a fix that lifted one client's core funnel metric by 5%+.
- Track conversion, retention, and churn in SQL (BigQuery, PostgreSQL) and GA4; automate routine work with AI.
- Build dbt marts on client data from databases and APIs, powering recurring dashboards (Power BI, Excel, Python/pandas) that keep clients aligned on key metrics.
- Design and analyze client A/B tests (sample size, significance, effect size) to drive rollout decisions.

Faberlic, Direct-sales cosmetics & wellness company — Moscow, Russia

Product Analyst — May 2023 – May 2025

- Cut promo spend by ~15% by auditing 10+ coupon and promo mechanics monthly and discontinuing underperformers across CIS, Mexico, and other markets.
- Designed A/B tests on promo and pricing and coached colleagues on reading results for rollout decisions.
- Rebuilt the data-validation layer in Oracle DWH and OLAP cubes: reconciled report figures against source systems and set requirements for DWH developers to fix data gaps, reducing errors and rework downstream.
- Freed up to 5 hours a week by automating 3 of 8 recurring reports in Excel, Power Query, Power Pivot, and DAX.
- Owned sales, revenue, and promo analytics (CIS, Mexico, US) for B2B (consultant network) and B2C on 1M+ records, tracking ROI, CAC, LTV, cost, margin, and feature adoption with marketing, sales, and leadership.

CMT Fitness Centre, Fitness club chain — Moscow, Russia

Marketing & Customer Analyst — Feb 2021 – Feb 2023

- Lifted membership (subscription) retention through behavior-based segments and targeted CRM campaigns.
- Turned day-to-day tracking of engagement, attendance, sales, and conversion into scheduling and promo decisions that delivered a 15%+ improvement in sales/attendance performance.

Decathlon France, Sporting goods retailer — Remote

Marketing Analyst (Part-time) — 2020 – Feb 2021

- Managed revenue reporting and forecasting inputs used for commercial planning and cross-functional decisions.

Certifications

Data Science, Yandex Practicum — May 2022 – Feb 2023
